

University of Arizona Cooperative Extension

Rangeland Precipitation Monitoring Workshop

Saturday, June 26, 2021 – 9:00am - 2:30pm
Bonita School, Graham County

This workshop will cover some of the basics of collecting and using precipitation data for rangeland management as well as introducing some new tools and strategies to make the job easier.

- ▶ Learn about precipitation monitoring best practices for rangeland monitoring...how many gauges do I need? Where should I put them? How often should they be read? How do I interpret the data?
- ▶ Learn about do-it-yourself rain gauge designs including a new type that makes reading gauges faster and more accurate
- ▶ Learn about a new online tool to manage and interpret precipitation data

**Lunch will be provided and every family
will receive a free rain gauge!**

PRELIMINARY AGENDA – 9:00 AM-2:30PM

- ▶ Workshop overview
- ▶ Precipitation Monitoring Best Practices
- ▶ How to construct a clear PVC range rain gauge
- ▶ Overview and training on how to use myRAINge Log – an online precipitation data management tool

Please register for this event by contacting Tricia Dunham (520-384-3594 or triciadunham@email.arizona.edu) by **June 21st**. This will help us plan for lunch (included) and provide you with handouts.
